Moonbli IS the best ship, but I can see reasons for Winterwatcher too. They're a pretty cute couple, and Moon motivates Winter to be a better person, while Winter helps take care of Moon (except for the occasional times he gets mad and starts yelling)

## I have one small question about wof ships

ghostlynx120

I could write an essay on why the artic/foeslayer winter/moon parallel isn't and I wasn't going to but now my 3ds ran out of battery and i have nothing better to do:

First of all, Moon. As you yourself stated, Moon and Foeslayer are not at all alike- they are, in fact, entirely different. Indeed the far more clear parallel for Moon would be to Clearsight, as they're far more similar and alike. Moon and Foeslayer's personalities don't match at all, while Moon and Clearsight fits far better.
Next, Winter. While I agree that there is certainly a parallel between Winter and Arctic, I think it's in a different way than the way you're perceiving it. Winter and Arctic seem to have the same origins- royal IceWings that had a soft spot for a NightWing, but the theme I see here is their choices. Arctic went down a dark path, spiraling into becoming a horrible person- Winter avoided that, instead becoming what Arctic could have been, and that's what I think that theme is. Winter is Arctic if he'd been led along a brighter path.
To summarize, that parallel, while traces of it exist, is really not at all accurate in both characters and relationships.

True, I thought he was great and all until he joined his fellow IceWings and attacked the NightWings in the end of DoD. He attacked Mind-reader! A fellow student!

moondragon717

I can give everyone ~~*two*~~ *three* reasons why moonbli is a better ship then winterwatcher.
1. Moon took Qibli to face Darkstalker instead of winter
2. Qibli was one of the two dragons who stood beside moon in one part in moon rising
3. Qibli was almost always thinking about moon in darkness of dragons, a winter barley thought about moon in winter turning

## I have one small question about wof ships

ghostlynx120

First, Winter was hugely out of character in DoD

Second, always thinking about the person you like isn't necessarily a good thing, as obsessions can lead to unhealthy relationships. While it's true that winter didn't creepily think of moon at every turn, he still thought about her fairly enough.

I should get the id to my why i don't ship moonbli post
